Simple, fun and effective. I will keep buying as new books come out. Keep it coming. Great work.

My child loves these books. The translation is accurate, the pages are nice and sturdy. Perfect for our needs. I would suggest these books to friends.

Satisfy!

It is great if you can read Russian but it doesn't show where the accent on the word is so you may be mispronouncing it if you just read the word as is. A good supplement to other audio study- or if you already know Russian and want to teach your children.

I love this Italian-English board book. It not only has all the bells and whistles (like colorful pages, good board quality) but also the example athletes are equally both genders. I realize that should be a given, but in many books it's not. I'm happy to see it here. (You can also find the same in the related book in the series: *My First Bilingual Book-Jobs (English-Italian)*).

its good if someone around can read Farsion every page you have the names of the sport, its playing field and clothes in farsi and in english

The book is flimsy for being a hardback and some of the images/words are cluttered together. In the (English/Russian) version.

Great for my nephew to work on his English without being overwhelmed.
