Are Natural Disasters Increasing? (At Issue)

Synopsis

These books provide a range of opinions on a social issue; each volume focuses on a specific issue and offers a variety of perspectives, e.g., eyewitness accounts, governmental views, scientific analysis, newspaper accounts, to illuminate the issue.; This title addresses the issue of natural disasters and the severity, frequency, and losses caused by them, including areas such as climate change, poor infrastructures, human activity, economic costs and recovery.; Greenhaven Press's At Issue series provides a wide range of opinions on individual social issues. Enhancing critical thinking skills, each At Issue volume is an excellent research tool to help readers understand current social issues and prepare reports.
