Customer Reviews

It is a very good map. We have used it to show the cities we have visited and the city we live in.

The Michelin map was easy to read it even had the very small village my family is from on it.

Fantastic map. The balaton is detailed on there. its a little big but you just have to make do.

Exactly as expected. Quick and good quality. No complaints. I really have nothing else to say but have four more words to go.

Big enough to read comfortably, good, sturdy construction, well defined roads, etc. The price was right and it folds easily.

It is in Hungarian so I couldn't really read it.

As expected

Worked great!

This map contains enough detail so that we were able to find the tiny village where the family Patriarchs and Matriarchs were born and lived!
