20 Free Card Games For Your iPad

Synopsis

I learned to play solitaire from my brother at Orchard Beach in The Bronx as a boy growing up. I played rummy and gin rummy with my father who taught me how to be strategic when playing. Then there was casino, a game I mastered. I did not lose a 100 point game of casino from the time I was 14 until I was in my 50's when one of my wife's nephews beat me by two points. Now my son and I play cards and I've tried to teach him to have fun and win. Our iPad has allowed him to practice different games and get better AND allowed me to have a break from my schedule. I love it! To be clear, these are not the games themselves . . . they are information about the games. This list of games does not include every game but includes 50 free games from your iPad. Download them and have fun!

Customer Reviews

I thought I was buying 20 card games. It is a book to tell a person the 20 free card games you can get. What a rip-off! I suppose I should have paid closer attention. However when I tried to use the "Look Inside" option, nothing would come up. Thought I was buying 20 games instead I received

\$3.00 in what card games you can download for free. How Stupid!

I love playing word games, I am not well so it is a way to pass the time. Thank you..

I was suppose to get this for free but it charged me for it. To make things worst it does not come up and play.
