Tresors Du Temps (French Level 4)

Synopsis

TrÃ©sors du temps brings the richness of French history, literature, and art into the classroom, offering advanced high school students a thorough understanding of French civilization while expanding their vocabulary and grammar skills. From Jeanne d'Arc to NapolÃ©on to Chirac, the entire 2,000-year panorama of French history and culture unfolds in the 12 Ã©tapes (stages) of the TrÃ©sors du temps textbook. Structure and conversation skills are strengthened as your students examine and discuss the events that shaped each historical period.

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

A combination history and grammar book The History is in French at the level of a beginning student. Very good summary of French history. The grammar is also in French and somewhat hard for a beginning student to follow. I really liked working through the history.

thanks

Item as described.

Perfect condition for 6 bucks!

No issue with this book as far as I know this was for my daughter classes in the university thanks

It has been a month (30 days) since the order and we still haven't received it. An email a week ago got a curt we expect our product to have gotten to us in about 14-16 days, and wait for the 30 days, and then we would get a refund if it hasn't arrived. Since this is a text being used for a class a timely arrival was expected - and it was very disappointing. A replacement sent would have been an appropriate.

Book smelled musty though there was no visible mold. No mention of this condition in the description. Kept it because I had to.

I taught with this book for four years. It was my favorite French IV textbook. The chronological order, selected excerpts, pointed questions and cultural extras add up to a well curated treasure of information. A colleague who had taught with the book for at least 12 years admitted that she had the book practically memorized and could see herself in old age entertaining her mind with recollections of the stories. I even had a student exclaim that she loved the book so much she wanted to buy a copy! If you are a French teacher spend the time it takes to understand this textbook and you will reap the reward of interested students and rich material in your repertoire.
