Some adjacent cities 10 minutes outside of Raleigh aren't represented. Wish the map was expanded a little bit, this limits you to just the city itself.

Very clear and easy to read. Just make sure you check the copyright date from those sold on . My first one was from 2012, which did not show the many changes around town by 2016. Others are even older. Addition of enlarged maps for surrounding areas are always helpful.

I thought it was going to be a book

Love maps because I grew up with them. There is something magical about seeing the entire area spread out so BIG in front of you versus looking at the same area on my iPhone. This map included zip codes, which helped us during our search for a home.

I can see where I live on this thing. Its the coolest thing ever! I wish there was a digital version of this that I could use to navigate from point A to point B. That would be awesome!

Wonderfully detailed.

Exactly what I was looking for!. No complaints. Great seller!

There's something about having a map that I can hold in my hand and fold up and put sticky notes on instead of using an online map. Super fast shipping!
