The best Jean Nisbett book yet! Details are amazing and instructional details exceptional. A must have for all doll house builders.

Marvelous book for beginners or more experienced enthusiasts. The treatment of modern design dollhouses is especially welcome after a surfeit of the Victorian age.

This is a awesome book for someone just starting out in the dollhouse making business. It is great at explaining everything you need to know.

This is a great book to use for researching any time period that you want to duplicate. There is so much information and so many pictures you just get lost in it. I highly recommend it anyone that wants to make any period room, or house. enjoy Nora
