Perfect for casual entertaining, fruity sangrias and punches are cool, refreshing, and just plain fun to drink. They're creative, informal, and best of all they're simple to make, since you can mix a party's worth in a pitcher and don't have to worry about getting the proportions exactly right. In this beautiful little book, Kim Haasarud, the Liquid Chef, gives you 101 different ways to get the party rolling with sangria or punch. You'll find recipes for classics such as Spanish Sangria, Singapore Sling, and Spiced Winter Cider, to name just a few. But you'll also discover lots of delicious contemporary libations that are guaranteed party pleasers, such as White Peach Sangria and Watermelon Yuzu Punch. And for special occasions, try one of Kim's themed drinks, like a Superbowl Sangria for the big game or a Pink Petal Punch "bridal bowl" for a wedding shower. So invite some friends, slice some fruit, and pull out a pitcher. With the sensational choices for sangrias and punches in this book, party-perfect drinks are easier than ever.

Great party book to give some new ideas on an old party favorite. I included this book in a gift basket with the makings of a great Bellini and Bloody Mary. We enjoyed trying some of these recipes first. It was fun!

I heard the author talk about this book on the radio a long time ago. I finally picked up a copy. Thumbing through this book made me so thirsty I couldn't stand it. It's winter...only blueberries are in season right now. I picked up all the necessary ingredients for the blueberry pomegranate sangria and mixed it up in a plastic pitcher (I didn't have a glass or ceramic one at the time). I didn't wait for it to rest and blend like I was supposed to. Just poured myself a glass right away. Best.Sangria.Ever. My boyfriend was having a flavored vodka tasting party at the time. I waltzed in with my sangria, and it was a huge hit!

A great collection of simple, but not overly simple recipes. My sister loved it!

I love this recipe book. It has beautiful pictures of the punches. Easy to read. Easy to follow instructions.

This book is probably the best Sangria Book on the market to date. It offers simple step by step explanations on how to carry out the delicious recipes. And, I'll let the cat out of the bag, the restaurant that I used to bartend at used this book for its recipes. So whether or not your a pro bottle spinning drink mixer or family person who likes hosting get togethers, the recipes in this book will make people think you are a pro because the exposures of flavors will be something they've never tasted or purchased. The sangrias were so popular we began selling them by pitchers and pitchers to go. Keep in mind, many of the recipes require that the fruits and alcohols sit for hours or even days to allow the natural flavors and sugars to merge, this is possibly the biggest secret to making a successful sangria or pitcher drink so plan ahead. Trust me these recipes are tastbud approved!

My wife and sister in law love this book. A lot of great ideas. So far they have all been tasty.

shipped quickly, gave as a gift they loved it
