The Food & Cooking Of Cambodia: Over 60 Authentic Classic Recipes From An Undiscovered Cuisine, Shown Step-by-step In Over 250 Stunning Photographs; ... Using Ingredients, Equipment And Techniques

Synopsis

Ancient Cambodia was a kingdom with an Indian culture, which then expanded into Burma and Vietnam, later becoming a territory claimed by both Vietnam and Siam. As a result, the Cambodian cuisine has Indian roots, with strong influences from both China and

Customer Reviews

This is an interesting book with a small number of uniquely Cambodian recipes. Unlikely that many folks will want to cook all of these but the book is fun to go through and the several recipes that I have tried have worked pretty well. Some may have difficulty getting ingredients.

Great resource. Easy to follow with explanations of ingredients. It includes dishes you would see in the city but not so much emphasis on traditional village food. A good introduction to Cambodian food.

I ordered this book recently, but have yet to try anything. Just flipping through I immediately noticed it's missing just about everything my boyfriend's mom makes! Even the basics like green papaya salad are not included. The book has great pictures and I am sure I'll get a lot of use out of it as my bf loves his mom's cooking and I am still learning Khmer cuisine, but I wish it had more of the recipes I am familiar with.

Although all the ingredients listed are not available where we live, suitable substitutes are not hard

to figure out and the results have been excellent. A nice change from the other international meals I prepare.

My wife thought the wheat noodles with stir-fried pork the second best meal she had ever eaten. And I hadn't even prepared it properly. Love the photographer!

one word: authentic! and correct ingredient used and easy to follow step by step. Do not buy the cook book of Joanes Riviere.

I purchased this book as a present for my friend. It appears to be in good condition and arrived during the dates specified. Hope she likes it.

Bought this for a non cooking husband and he has started cooking. I'm happy.
