Customer Reviews

I do not normally do reviews. However in my review of the New Oxford spelling dictionaries I will make an exception. This is the 2014 addition, hardcover with a paper wrapped over the hardcover. I ordered this spelling dictionaries thinking that the dimensions of the book would be larger. The book itself was much smaller than I had hoped. And the typeface was far too small for me. It has been my experience that most people using this type of book wear contacts or glasses. That's not a bad thing unless one is trying to read very small typeface. Otherwise this spelling dictionariesdelivers as promised.

This is a wonderful reference for a writer/editor. It doesn't include definitions, only spelling and hyphenation points, so it takes only a few seconds to check and ensure a spelling is correct.

This is one of the most important books I've ever purchased. It has helped me enormously plus I bought extra copies for my Mom plus daughters. No excuse for not spelling correctly anymore - - at least for me.

Great to have on the desk, works when google can't figure out the word I want.
