Customer Reviews

The tablature comes with an authorization code so that you can download the accompanying tracks.

There are two version music version of each song - one with the guitar parts that are in the

tablature. And, one that is a backing track and you supply the guitar. Neither version of the songs

contain vocals so they don't get in the way of hearing what it is that you are trying to learn. It would

have been great if they would have included Power Slave, but maybe Hal Leonard will create a

volume 2. I have several of the HL Play-Along books and the audio recordings make learning new

material fun and no so boring. The two Ozzy Osbourne PAL books by Hal Leonard are also very

good.

These book no longer come with backing track in CD form,...I already knew the songs,...and could play them against the youtube backing track,...I got this simple you the actual CD that they use to include,...the downloadable MP3 format does me no good,...if you don't know the songs, just get the Iron Main guitar tab book with like 25 or 30 songs in it.

Got this in a few days ago for my dad for Father's Day. It came in with a bend in one of the corners and along the top of the book. But other than that, it seemed to be in fair condition. The pages also seem to be in proper order from the looks of it. My dad loves and and I'll have to prepare myself for when he plays using the book! I'm sure he'll be playing a lot more often!

As advertised.

Love it
