Nazis And The Occult: The Dark Forces Unleashed By The Third Reich

Synopsis

This is the Popular Reference edition of the fully-illustrated title, ASIN: B0094GDFTE. Why did the country which produced Goethe, Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? The Nazis and the Occult reveals the true nature of the Third Reich's link with arcane influences and of evil itself, as well as explaining how an ill-educated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler.

Customer Reviews

Interesting and informative. Not groundbreaking and with many questions unanswered.

Though far from perfect, maybe best I've read yet in this exploitive genre. The surreal madness that was the third Reich is not a simple tale. It's a lurid subject, but there are too many parallels to present to ignore, It's not a simple narrative of tyranny and jackboots marching. Drugs, occult, plots,

and manipulation revealed.

Paul Roland does a nice job detailing the many aspects of the Nazis' fascination with the occult and unlike other books on the subject, he does not assume the Nazis actually tapped into any supernatural elements since their own incredible hate and wickedness unleashed hell-on-earth throughout Europe and cost millions upon millions of lives.

the author takes a no nonsense approach to the theory that the Nazis based their power on the occult and delves into the use of the occult mythology in the Third Reich in a down to earth realistic manner.

Very informative and at the same time creepy. Thank you again for the professional service. is the best for ordering online.

Some fascinating history of Hitler and his "believers." the Holy Grail, astrology scams on both sides, juicy stuff.

Some interesting facts debunking some long-held beliefs about this subject.

A great add to my WWII collection of books!
