Consumers recognize Creative Homeowner as their leading and trusted source for the best information, inspiration, and instruction related to the house and home. Creative Homeowner is the preeminent publisher of books on all aspects of decorating and design; home repair and improvement; house plans; gardening and landscaping; and grilling. Creative Homeowner's books stand out from other publications with their complete and easy-to-follow instructions, up-to-date information, and extensive use of color photography. Among its best-selling titles are Ultimate Guide

to Home Repair and Improvement, Updated Edition; Ultimate Guide: Plumbing, 4th Updated Edition; and Ultimate Guide: Wiring, 8th Updated Edition.

Awesome book! This book was extremely helpful in determining what kind of layout we want. I love the way the floor plans are shown - large enough to really see and determine what is desirable. There are plenty to choose from - we found ourselves folding over several pages for ones we might be interested in using. It is easy to flip through this one and enjoy it too! :)

A good collection of house plans. Most are in a rather repetitive style. Please note that the homeowner cannot use these plans unless he/she also pays a hefty fee to the designer.

This was a favorite. Lots of extra information that was helpful and easy to use book. Enjoyed the variety and seeing some options I hadn't considered.

Many many good ideas presented here. Indexed to find sq footage I was looking for. Well worth the price

Cost is a little high. However it does have some neat floor plans and helped making building layout decisions easier.

This book is a very good book for single story homes. Unfortunately we are looking to build a home with a basement this book does not offer too much with that feature. My husband and I have decided that this book is great for getting ideas more than our dream home blue prints.

Hardly any house plans under 1,500 sq ft..More are larger house plans. Very disappointed...

Lots of great pictures to look at. Pictures are mostly the front of the house. You can order plans through the publisher on CD, as well as build/cost estimates customized to your locale. It's pricy, but available. Good book if you're looking for a 1-story house. Most floor plans are 3 bedroom, however there are 4 and 5 bedroom plans as well. Most have garages as well.
