Customer Reviews

Great book. Great recipes. Glad I added it to my collection. :)

Loved all the recipes here very good and easy to make.

Great

I love the recipes with pictures to coincide. There is no better recipe book than one that has recipes and pictures of the finished product, whether yours turns out like the picture or not. There is no chatter in this book. It is straight to the point for those of you who want to get down to baking.

Great book. I love bundt cakes. It's a great book, despite having some recipes with cake mix (we do not have that product in my country).
