Customer Reviews

Roald Dahl (1916-1990) was born in Wales of Norwegian parents. He spent his childhood in England and, at age eighteen, went to work for the Shell Oil Company in Africa. When World War II broke out, he joined the Royal Air Force and became a fighter pilot. At the age of twenty-six he moved to Washington, D.C., and it was there he began to write. His first short story, which recounted his adventures in the war, was bought by The Saturday Evening Post, and so began a long and illustrious career. After establishing himself as a writer for adults, Roald Dahl began writing children's stories in 1960 while living in England with his family. His first stories were written as entertainment for his own children, to whom many of his books are dedicated. Roald Dahl is now considered one of the most beloved storytellers of our time. Although he passed away in 1990, his popularity continues to increase as his fantastic novels, including James and the Giant

Peach,Â Matilda,Â The BFG, andÂ Charlie and the Chocolate Factory, delight an ever-growing legion of fans. Learn more about Roald Dahl on the official Roald Dahl Web site:Â www.roalddahl.com

Love Roald Dahl, but this was such a waste - not a story book - should b marketed better w/ clear description of content

I am a fan of Dahl's and generally read his adult themed books. I got this one sort of on a whim plus it was low priced. I enjoyed reading it and it was more full of tidbits about the history of his writing of Charlie and the Chocolate Factory. From the characters he started with and the ones that he discarded. Also tidbits about the writer himself.

Didn't realise this was not really a standalone book but collection of excerpts. Wish it was titled more clearly

Loved Roald Dahl as a kid. This is kind of an odd collection of Roald Dahl thoughts and ideas. It does contain one missing chapter from Charlie and the Chocolate Factory. Lots of better Roald Dahl choices.

Great reading get to know the author on a personal level a lovely man whose stories last and bring joy to children everywhere

I think it's really cool showing you the tips and sleek peeks of old book that didn't get published I love itÂ Â Â™Âœ!!!!

I like some of it, but is sometimes boring, and why do we have to hear about Roald Dahl's months?
...

My 8yr old enjoyed this along with the other books in the charlie series!
