An excellent book that can be reread over again and again!

This was the first book I'd read by this author - found it at church & ended up buying it on .com I HIGHLY recommend this book - read it first and then you will want to read MORE of his books! I've bought more since. He backs up what he says by scripture. He is a pastor and gets deep into opening your mind & eyes to the bible and Christ. You might read it slow or go back and read again

- making notes along the way or dog ear pages. I will re-read this book again once I finish his others! God directed me to a wonderful book & author as well!

Rec quickly; great reading

I received the book in the condition they advertised and in a timely manner. I was happy to be able to get a used copy since this was a replacement copy for me. I had this book and gave it to someone to read, they lost it, and I really wanted to replace it because it is the type of book you read over and over. There is so much in it that is valuable.

Very good read

I truly believe God is using this man to meet us all where we are at and encourage us to become the men and women that God wants from us. Read this book you will truly be blessed and encouraged!!!

My husband and I have studied most of Francis's books. We love his ability to teach in a manner that is easy to get! I strongly encourage anyone who is seeking God at a higher level to read all of his books.

I think this book is out of print - it is very timely and ought to be published again!!! Really a great book.
