Creating With Vinyl Cutters (Getting Creative With Fab Lab)

Synopsis

Readers will learn where vinyl cutters fit into a Fab Lab and how vinyl cutters can bring precision to intricate designs. Beginner, intermediate, and advanced projects will explain what materials each project requires and what processes are involved in completing a project. An overview of making industries will offer the reader an understanding of how operating a vinyl cutter can translate into a career. This title fits well into grades five through eight Common Core standards with its wealth of engaging information that asks the reader to think about creativity and problem solving in the context of making.
