World Religions: Eastern Traditions, 3rd Edition

Synopsis

Building upon its already strong foundation, the third edition of *World Religions: Eastern Traditions* provides students with a thorough and in-depth survey of Hinduism, Sikhism, Buddhism, Jainism, and Chinese, Korean, and Japanese religions. Featuring work from renowned contributors, this rich and descriptive text discusses the historical basis for the religious traditions, shows how they have developed over time, and explains how they are now situated in the contemporary world. Ideal for courses in Asian religions and comparative religions, *World Religions: Eastern Traditions, Third Edition*, combines a historically descriptive perspective with a spirit of sympathetic fascination.

Customer Reviews

Roy C. Amore is Professor in the Department of Political Science at the University of Windsor. He is currently working on a new text on religion and politics for OUP Canada. The late Willard G. Oxtoby was Professor Emeritus at the University of Toronto, where he launched the graduate program in the study of religion.

This was not a required text for my Eastern Religions course, but I bought it to help clarify some points. It is quite thorough, and helpful/

This was required reading for a course I took in Eastern Religions. The material was very well written and very comprehensive. Highly recommend this book for anyone interested in learning

more about Eastern Religions. Very easy to see the common thread that flows through them and how they developed over time. I am not trading this book in as I do with my other college text books, but keeping it in my personal library.

Fine

seems to be a good book

Saved me money and I legitimately enjoy this textbook. Not selling this one back at the end of the semester.

I ordered this book for a class I will be taking the fall semester at Ohio Northern University. I couldn't wait to start reading it. Great information, fantastic pictures and I love the layout of the book. Anyone who is interested in religion or just eastern traditions should read this book.

This was my textbook for my Asian Religions course in college. This book is very informative and gives overall good information. I recommend it to others who are taking religious studies.

Was exactly the right book I needed for my class & so much cheaper than what my campus bookstore had priced it.
