Synopsis

Shortly after the Bite of 1987, a mysterious man hiding from danger inadvertently finds shelter within the walls of Freddy Fazbear's Pizza. Years before the venue would reopen its doors to a new location, with new AI and redesigned costumes for animatronics, what horrific truth will he discover at this "magical place where fantasy and fun come to life?"

Simultaneously exploring two timelines, this book will provide you with a wholly different perspective on the dreadful events surrounding the myth and truth of Freddy Fazbear's Pizza.

Customer Reviews

It is a really cool book but has some "Strong language" as Freddy says, but still a good book. I would give it 5 stars if it didn't have such "Strong language".

Daughter liked it

Books contain bad language. Inappropriate for children.

This book has a captivating story! Couldn't keep the book away until the very end due to its mysterious plotline. It sounds a bit scary how those animatronics act like human being and inflicted harm to those people involved, but that's where the thrill was, and made the story flowing. Great to read it!

The story is great and I can't resist on reading it again and again. This book deserves a 6 stars if possible.

A story that will give you goose bump. I enjoy reading this and will definitely share with my friends. A great find.
