In the second volume gathering the late-1990s comic-book sensation, malevolent former German special forces soldier Herr Starr, who plans to exploit his God-given supernatural abilities to stage an overthrow of the Grail, an ancient religious cult that seeks world domination, pursues the title character, Jesse Custer. Also, some 70 years of backstory for Custer's sidekick, hard-drinking Irish vampire Cassidy, are filled in. While *Preacher*'s original popularity was likely most due to its taboo-breaking outrageousness, it owes its lasting appeal to Ennis's keen characterization, especially the deep and convincing bond between Custer and his pistol-packing girlfriend, Tulip, and Dillon's effectively understated artwork. --Gordon Flagg

"Just about the best thing to come along since comics started finding their way into

books."•The Washington Post"Features more blood and blasphemy than any mainstream comic in memory. Cool."•Entertainment Weekly

Like a movie that once you start to watch you can't stop, these books are the same. Pick one up and before you know it it's hours later and you're reaching for the next one. I learned my lesson, you can't just buy one. I keep four books ahead so I know I won't have to wait to read the next one. Truly a classic in graphic novels. A must in every collection. Trust me, try it and you will see that I am right. Enjoy!! JC

DOES NOT GET ANY BETTER THAN PREACHER! Garth Ennis and Steve Dillon at their very BEST; the whole series is amazing and by far the best comic I've read! first read this when it came out, and even bought the original graphic novels as they did too. But this set is worth buying the series again essentially for the third time. The colors are beautiful, the weight of the books feel perfect, and I love the feel of the pages.

Reads like a funny grindhouse western. This story line is great and packed with action all the way through. It's the second book in the series and has a ton of action. It is a fun read

So for a Christmas gift, I ordered my buddy Preacher: Book 1, Book 2, and Volume 3. I wasn't aware that these 'Books' are longer than the previously released TPBs so all of volume 3 was contained in Book 2. If anyone is keeping score: Book One: issues 1-12 Book Two: issues 13-26 Volume 3: issues 18-26 took care of me though and I have Book Three on preorder to complete the gift
