This wonderful guitar book is the first one my guitar teacher recommended and I use it almost daily. It comes with a CD which makes playing really fun!! All the songs on the CD teaching you rhythm and timing. There are several Beatles songs, like Yellow Submarine, Yesterday and Eleanor Rigby! Plus good old Elvis's, Hound Dog! Back page features a charted diagram of the basic chords and numerous exercises on each string through out the book so you quickly learn finger placement and hand eye coordination. The Guitar book offers you a new approach to individual playing and with a group. In case you want to start a band. You learn Pop, Rock, Country, Folk and Bluegrass Songs! You just can't go wrong with this little book!

Good intro to guitar lesson book. Love the "homework/quiz" pages.

I've been teaching with this book forever. I actually learned to play guitar with this book as well. Worth the investment.

Extremely helpful

I use this for teaching my Beginning Guitar Classes.

Great book for a beginner

My favorite book for teaching guitar! Tom Luke

If you are looking to begin guitar, this is the book for you. Not only does the book teach you how to play certain songs, but also how to play finger picking style songs.
