DEL-Moon Handbooks Buenos Aires

Synopsis

For more than 30 years, the award-winning Moon Handbooks series has been the top choice among independent travelers who want a unique experience, a new perspective, and a few new stories to tell. With Moon Handbooks travelers are given the tools to make their own choices and create a travels strategy that's theirs alone. The results? A more personal and ultimately more satisfying travel experience.

Customer Reviews

Moon Handbooks exude a road-wise, close-to-the-ground authority.

Moon guide books are great, I like the way they put thing together. And they also tell you about some of the off beat places you might want to see. But the main thing is I like their format.

South American guidebooks aren't as plentiful as those from other parts of the world, so I often have to buy several to get complete information. This Buenos Aires edition from Moon Handbooks was surprising because it not only included some great information on the city, but had better information on surrounding areas like Montevideo than my other Uruguay book. Also included up-to-date hotel information that was simply missing from the others.
