## **Customer Reviews**

love it great songs easy to play convenient to have with me at all times

This book isn't for beginners, but it's very good for someone who's played a recorder before (or can figure out the fingering chart) and can read music. There's a nice selection of songs for many different holidays, and a good mix of one-, two-, and three-part songs. The chord guide for guitar/piano accompaniment in the back is helpful too.

I love this book! It covers all religious and holiday affiliations. Simple and easy enough for any beginner.

This book is a bit corny. Some of the songs are fun but it's really more of a kids book. I gave this three stars because if you had some kids who wanted to play something for a Christmas party, or Fourth of July then this would work really well for them. Everything is recognizable and relatively easy to play. I'm an intermediate student who was looking for something a little more challenging.

good . Now that's a product....This is a solid piece of steel... Much more than I expected.... my neighbor love it, love it . great.
