Customer Reviews

Very clear and readable guide on the most important events of the "cold war". The author is, an interesting way and with fun illustrations, give an overview of the historical facts about the Cold War. The book is to recommend to all lovers of history, although there are not many details about some facts.

Love this book series! The information presented is clear, easy to read, and suitable for my 5th graders who want to learn a little more about the time periods which we study.

Good kid friendly book. My kid loves it.

Arrived well packaged and exactly as advertised. Was a gift so I have not read it. Our 12 year old grandson seems to have liked it.
