Customer Reviews

The print quality is not very good. I've seen much worse, but for what you get you might as well just print off the score from IMSLP yourself.

I worked from this book for 8 months straight and it's still in great condition!!!!

It's exactly what I wanted, after hearing Moment number 3. I would recommend this to anyone interested in the genius of Rachmaninov.

Love the edition but packaging a bit poor. Some of the pages were bent. Otherwise it was a good buy

This is a great addition to any advanced student entering into the difficult waters of Rachmaninov's

piano music. I learned op. 16 no. 5 as a girl, and have always loved it. Printing is easy to read, edition has unobtrusive fingering/ dynamics, and includes what I consider some of "Rachy's" easiest piano solos. Personally I think it is a must for any novice piano player's library. No complaints here! Maybe this book wont outlast my grandchildren, but who are we kidding? A paper back book to last a lifetime of beautiful music for under \$10. Worth it.
