Hatsune Miku: Acute

Synopsis

Acute, like the three angles of a triangle. Acute, as in its three sharp points. Acute is the tragic relationship between three Vocaloids: Miku, Kaito, and Luka! Once they were all friends making songs--but while Kaito might make a duet with Miku, or a duet with Luka, a love song all three of them sing together can only end in sorrow! Based on the song with over 4.4 million combined views on YouTube and NicoNico.                    Hatsune Miku is an international pop phenomenon!                    Like the Hatsune Miku titles Mikubon and Rin-Chan Now!, Acute is based on a famous Vocaloid music video.                    A drama rather than a comedy, Acute is a different side of Hatsune Miku.                    Four pages in full color.
