Wealth Magick: The Secrets Of Extreme Prosperity

Synopsis

Damon Brand reveals the closely guarded secrets of the super-rich. This much sought-after volume is available once more. It contains a complete magickal system for attracting great wealth. The system has been developed over thirty years by a group of occultists known as The Gallery of Magick. Magick is not for everybody, and the magick in this book is certainly not suitable for the casual user, or for somebody who just wants a little extra cash. Although you do not need any particular skills or experience to benefit from this book, you do need to dedicate time, effort and mental energy to the working, as well as moving the focus of your life to wealth. If you are prepared for that level of commitment, there can be great rewards. This book is designed for those who want to focus on long term wealth creation. It is not designed for those in desperate poverty, but for those who can afford to turn their attention to wealth. Damon says, 'To be clear, and for the sake of complete honesty, I am not super-rich, but I am extremely wealthy compared to where I was a few years ago, and compared to my childhood I feel like a billionaire. I have also found that the effects of the working grew long after it was initially performed, with my wealth continuing to expand years later.' How rich you become is up to you. Wealth Magick concentrates magick into a series of workings that will enable you to attract the wealth you desire. If you want money, it's yours. As Damon Brand points out, magick is often over-complicated. He says, 'Before you know it you're trying ten different methods at once and your house is filled with candles, altars, incense and all sorts of images, crystals and magickal gadgets. The good news is that most of this can be thrown out. Everything you need is contained in Wealth Magick.' You do not have to spend years performing endless spells or make offerings to dangerous spirits. This method has been concentrated into the purest magick. You begin attracting wealth from day one. You should note, however, that this is not a quick fix, and although the daily rituals are brief, several months of dedication are required. The magickal operations in this book are not about attracting a little extra cash. They are about creating a completely new lifestyle, based on a flow of extreme prosperity. Only go ahead if you genuinely want to focus on creating wealth and if you are willing to accept the challenges and changes that come with extreme wealth. You will discover: The number one mistake people make when trying to manifest money A set of unique secret seals, drawn from ancient texts and combined with modern magick The power of The Daily Practice Seven wealth workings that can not be found anywhere else WARNING: This book uses angels and demons to attain your desires. The entire working is made safe by three omnipotent angels who oversee the operation, but if the thought of working with demons makes you uneasy, look to my other books such as Magickal Cashbook and Magickal Riches, which have no demonic content. DISCLAIMER: Magick is not for

everybody. If you are drawn to magick, you will get good results. If you are afraid of magick, you will not. The magick in Damon Brand's books has been developed by The Gallery of Magick to get results safely. There is plenty of evil in the world, but there is no evil in these books. You will not be punished by karma or chased down by demons, and there is no magickal backlash that will punish you for being rich. But if you are afraid of magick or think that magick is evil or that you are underserving of wealth, this book is not for you. If you're uncertain, you can read more about magick on the website. If you feel that magick can help you take control of your life, then welcome the power that this book offers.

Customer Reviews

This book is excellent material to generate long term wealth. It employs both angels and demons to generate wealth. Remember that both angels and demons must obey the Will of Divinity. I Have worked with some of these spirits before and they do what is asked or commanded, under the safety of Divine Names. Damon Brand and the Gallery of Magick has it right again. One of the reasons why the method prescribed in Wealth Magick is spread out so that new comers to Magick

get the best results. Do the rituals as prescribed, enjoy it, do not lust for results and you will generate the wealth that will come your way.

I had read and applied his books *Magickal Cashbook* and *Magickal Riches* with excellent results. It was recommended that I do those first. I just finished the first 3 weeks of the Daily Practice and it's unreal the positive changes that have happened. To keep it short I was offered a job 5 days after starting that is a lot more money and better working conditions. I start in two days on day 2 of the first working. I normally wait to review a book like this one when I've finished the process, but had to speak up. I used to work for this company 10 years ago. You see this company has never even considered rehiring anyone before, let alone calling me out of the blue and offering me the job. I was not looking. I am good at what I do, but this is radical. This is no coincidence. With regards to it being safe listen up. I was raised Catholic. It's time to realize that everything we know about spirituality is made up by us. Our Creator did not create a hell for us to go to if we are bad. God is only good. This is safe. If you tune into the words you will realize this. Anyone that is worried about it not being safe needs to work that out first in their head, because they will bring their fears to reality and blame this book, when it's their own mind messing with them. I am grateful for the guidance given in these books. Persistence and consistency makes it work. I am so enjoying the process and have reread the book a few times already. It is Not difficult. I can feel it working. It's real. Good luck *

The daily practice gives me a wonderful feeling, it's helped me to see the beauty in all things, even the things I once considered hideous. This has helped open my mind tremendously.

Let me just say that this works. It may not work in ways you expect, but it works especially when you're actively working to increase your wealth. I've used the full 7 ritual spread twice, once per year for two years, and it has guided me to high profits in starting two unique businesses. I thought was i going to expand my kindle fiction writing, because that's what i was aiming at before i started the rituals, but i was guided through flashes of insight to start brand new businesses. Just be cautious of the second ritual. It takes about 30 days to complete but it will shift your reality significantly as it did for mine. I felt weak, unmotivated and uncertain of the future (this is the start of the transformation) but the latter 5 rituals sort of reordered my businesses and life so that i could be ready to accept the new cash flow coming into my life. If you are at all hesitant to work with this stuff, then don't. I think the spirits can sense a doubtful or hesitant practitioner and it is my opinion that working with this stuff from a fearful standpoint will block your results. If that's the case, I highly recommend using

other works from Damon just to get used to how magick works. I just know this worked wonders for me, though i had about 6 months of practice with Damon's other works. I think of working with the spirits like I'm working with really powerful friends. You wouldn't be fearful asking them for help if you knew they were open and willing to help. That just doesn't make sense. You would just do the rituals and be self aware for shifts in your reality. The signs that the magick is working can be very subtle, but they are there. It's up to you to be on the look out for them.

My finances have drastically improved since doing this...wealth is mine...don't be afraid to do it cause it works...don't you want what everyone one of us dream to have....wealth and financial abundance...Then do the rituals take the time carry them out and you won't be disappointed
