## Synopsis

This guide is designed for optimal navigation on eReaders, smartphones, and other mobile electronic devices. It is indexed alphabetically and by category, making it easier to access individual articles. Articles feature information about attractions, landmarks, districts, transportation, cultural venues, dining, history and much more. Addresses, telephones, hours of operation and admissions information are included. The guide is complimented by clearly marked maps that are linked to city attractions. An interlinked phrasebook as well as a pronunciation guide are included. This travel guide also features a Copenhagen itinerary with our suggestions for your travel route. Itineraries include links to individual attraction articles. NEW FEATURE: The attraction articles now include links to Google Maps. On a dedicated electronic reader with a slow connection and a primitive browser, Google Maps will display the attraction on the map along with metro stations, roads, and nearby attractions. On an internet-enabled device such as the iPhone and the iPad, Google Maps will even show you the route from your current location to the attraction you want to go to. With this travel guide you can turn some eReaders into audio guides. For example, on the Kindle, just open an article and click Shift+SYM to activate text-to-speech. Put the speaker on the back of the Kindle against your ear and enjoy your virtual travel companion. Press Spacebar to pause/resume text-to-speech. All travel guides in the Mobi Travel series are only \$4.99 or less. Search for any title: enter mobi (short for MobileReference) and a keyword; for example: mobi Paris.

## Customer Reviews

Travel Denmark - Guide, Maps, and Phrasebook. Includes: Copenhagen, Odense, Aarhus, Aalborg and more (Mobi Travel) This is THE guide to buy for a trip to Denmark or simply Copenhagen. Don't waste your time and money on any other ebooks. MobileReference Guides make learning about foreign countries a fun and dynamic experience due to their outstanding use of a generous amount of detailed, full-color visuals. This ebook has a lot of information and images on almost every page. The guide is especially welcome as Denmark, a small-sized yet complex nation, has relatively few guidebooks compared to some of the more popular and well-traveled countries to its south. This is a very fine ebook I highly recommend. I happily give the guide five stars.

All of this book has been taken word for word from Wikipedia and Wikitravel! I could have printed all of that into a PDF and uploaded it onto my iPad. Now, 5 bucks is not exactly much, but charging money for something like this is outrageous. There are typos, formatting issues and maps?? Really?? I could probably navigate better with a city plan drawn on a napkin. Don't waste your money, just read Wikitravel - awesome site!

Travel Denmark - Guide, Maps, and Phrasebook. Includes: Copenhagen, Odense, Aarhus, Aalborg and more. FREE General Information, basic phrasebook, and a map in the trial version. A friend of mine recommended this ebook to me for my upcoming trip to Denmark. The ebook has been so helpful in planning every aspect of my trip, from where to stay, to eat and to see. The street by street maps are going to be very useful when I get to Denmark.
