Law University of the West Indies, Bridgetown, Barbados

Great book. Very informative albeit the language for some won't be easily comprehended but that in some part is due to the subject matter.

A must have for Practitioners in the Commonwealth Caribbean and beyond. Gives a beautiful analysis and comparison between the UK and Caribbean jurisdictions on relevant principles of law. He also de-mystifies the decisions of the court and offers a critical analysis of the decisions.

This book is THE authority on caribbean land law! A must have for all property law students!
