Customer Reviews

Very happy to find this 5-county map in one volume. It's no longer being published by the ADC people, but having all 5 counties (about 25 square miles of driving) in one book really helps out a lot. And then one replaces my copy which finally wore out after many years of use.

The edition we received was the third addition from 2000 rather than the fifth addition advertised. Big difference for our use.

I bought this before a trip to Baltimore, and it was quite useful and up to date. The print and maps in general were large enough to read in the car. It highlights schools, hospitals and other places. Also includes maps of Anne Arundel, Carroll, Harford and Howard. It is just a map book. If you are looking for ideas of what to do in Baltimore, you would be better served with one of the many Baltimore guidebooks.

The map book is in very nice condition. I am very happy with the purchase.
