JoJo's Bizarre Adventure: Part 3--Stardust Crusaders, Vol. 4

Synopsis

A multigenerational tale of the heroic Joestar family and their never-ending battle against evil! The legendary Shonen Jump series is now available in deluxe editions featuring color pages and newly drawn cover art! JoJo's Bizarre Adventure is a groundbreaking manga famous for its outlandish characters, wild humor and frenetic battles. JoJo and friends find themselves facing their strongest enemy yet—an old woman! But even old women can be dangerous foes when armed with the power of a Stand! But what is her Stand, and how is it tied to a desolate village filled with strange mist? All will be answered as the adventure continues!

Customer Reviews

Hirohiko Araki made his manga debut in 1981 with the Wild West story *Busaichi*. He experimented with several genres, including mystery (*Mashin B.T.*) and action-horror (*Baoh*), before beginning *JoJo's Bizarre Adventure* in 1986. Propelled by imaginative storylines, weird imagery and individualistic artwork, *JoJo's Bizarre Adventure* is one of the longest-running and most popular shonen manga ever. Araki's current works include a new series set in the JoJo universe, *JoJolion*.

An interesting installment of *Stardust Crusaders*, the opening act with *Justice* is a somewhat creepy encounter with an unusual foe. But the latter chapters against *The Lovers* and *The Sun* felt less exciting overall. Stand users coming after Jotaro's band piecemeal just seems to drain a lot of the

danger out of the journey. I'd say this is a 4 out of 5 star installment. Especially coming off the more hard hitting Part 2. I'm also taking a star off however, because for whatever reason this volume of JoJo's Kindle edition doesn't provide a ComiXology version as well. This isn't a deal breaker, but all of the JoJo volumes prior have had dual Kindle/ComiXology provided. This is generally good because it has better digital pricing than ComiXology, and ComiXology's App is generally better for comic reading. I hope this is an oversight and not a trend.

The continued adventures of Jotaro Kujo and his companions are not to be missed. Visiting such exotic locales as Calcutta, and facing such devious and unpredictable enemies as Soul Sacrifice and his Ebony Devil, and the John Carpenter-esque Yellow Temperance, the journey to find the vampire Dio (the m/) continues. Araki's sharp writing and deft use of suspense is top notch. Get in on this series.

I like the first Jo Jo book in the Stardust series I never did get into the original Joestar series but this one explains it well enough. It looks just like the Jo Jo adventure arcade game.

First, to be absolutely clear Stardust Crusaders is PART 3 of Hirohiko Araki's amazing manga series JoJo's Bizarre Adventure. There are two parts before this: Phantom Blood and Battle Tendency (in that order) but they haven't been available in English until very recently. A hardbound series is being released which has covered Phantom Blood and is starting Battle Tendency in the volume to be released tomorrow. You can either find the first two parts elsewhere or you can watch the anime series which is faithful to those parts storywise (and is a great watch to boot). There is also an anime adaptation of Stardust Crusaders but I highly recommend the manga because of its clever use of the medium with inventive panelling and amusing design. JoJo is a unique story filled with brutal fights, over the top poses, razor-sharp masculine humor and some of the most interesting characters you'll meet.

JOJO!!!

Great.
