Customer Reviews

Brilliant art.

HAPPY TO OWN MY VERY OWN COPY--talented artists that captured the world of California before the masses descended. My Grandparents had been given a William Wendt for a wedding present when they lived in Chicago. early 1900's. This was sold as by my Mother and Aunt after they inherited it....not sure where it is now...or what its value would be today. ??

This is one of those as-good-as-it-gets books. Text and illustrations flow beautifully together. It's well worth the price and more than returns it in pleasure. My only complaint is that it didn't show more paintings by Franz Bischoff and William Wendt. Still, this is a book that will hold up a high standard over the years.

A great read about artists that painted early southern California.

Love this book. Beautiful images.

Just as described.

Am a Plein Air Painter and enjoy a library of texts and publications on the subject. I purchased the Plein Air Painters of California, the Southland as a used text. It was basically new and barely touched. Outstanding condition and a great seller who shipped quickly and packaged the book very well.....recomend the seller to anyone.....

The bible on California Impressionism

Not only is this book beautiful, Ruth Lilly Westphal created an important, highly useful educational and in my opinion an essential reference tool for art students, collectors, dealers and art historians interested in the California "Plein Air" art movement. It features generous artists biographies along with rich examples of each artist's works. As one of California's foremost buyers of California Impressionist paintings, I highly recommend this book!
