Snapshots Of Dinkytown, Minneapolis, MN 55414, Fall 2008

Synopsis

A four-block area of Minneapolis, adjacent to the University of Minnesota. Home to Bob Dylan's "Positively 4th St," the hipest and most happening neighborhood west of New York's Greenwich Village, or London's SoHo. Probably named in 1948 for the small Trolley cars, Dinkys, that used to connect the neighborhood to the rest of Minneapolis, it is to this day a business district known for unique shops and interesting people.

Customer Reviews

This book does indeed live up to its name. It consists of some very nice pictures of the Dinkytown area of Minneapolis and very little else. There is no text, no identification of the blocks or buildings, and no history. Recent residents of the area would "know" all this, but for those of us who haven't been there in many years, a few words of explanation would have been welcome. For example, "the site of the former Simms Hardware store is now..." And there is not a even a single picture of the famous Al's Breakfast!A definitive history of Dinkytown NEEDS to be written. Perhaps the author (who obviously has a great affection for the area) or another ex-resident will take up the cause.
