Getting In The Game: Title IX And The Women's Sports Revolution (Critical America)

Synopsis

In this first legal analysis of Title IX, Deborah L. Brake assesses the statute's successes and failures, using a feminist theory lens to understand, defend, and critique the law. While the statute has created tremendous gains for female athletes, not only raising the visibility and cultural acceptance of women in sports, but also creating social bonds for women, positive body images, and leadership roles, the disparities in funding between men's and women's sports have remained remarkably resilient. At the same time, female athletes continue to receive less prestige and support than their male counterparts, which in turn filters into the arena of professional sports. Brake provides a richer understanding and appreciation of what Title IX has accomplished, while taking a critical look at the places where the law has fallen short. A unique contribution to the literature on Title IX, *Getting in the Game* fully explores the theory, policy choices, and successes and limitations of this historic law.

Customer Reviews

"Brake provides an adept, comprehensive analysis of the legislation, the disagreements generated by its enactment and enforcement, and its related litigation. Her critical commentary also offers an equitable perspective on the relative strengths and weaknesses of the legal and policy environment that surrounds title IX."-Choice Magazine
"Getting in the Game is must reading for those seeking to understand both the monumental success of Title IX and the dilemmas and barriers that impeded achievement of its full promise. There is no better treatment of the subject of

women's sports • why it matters, what Title IX now requires, and how the law might be improved. This book will change the way we think about equality in women's sports, and help us to think more rigorously and creatively about how to achieve it. -Katharine T. Bartlett, Duke University School of Law

Deborah L. Brake is Professor of Law and distinguished faculty scholar at the University of Pittsburgh School of Law.
