This is a really cute book. My son is 10 and a football fanatic. I bought it for him for Christmas and for a kid that doesn't like to read, he spent a good amount of time going through it!

This was for a grandchild that loves football. He tells me that he has enjoyed the book as a resource material and helping him enjoy the past NFL season.

Got this for my 6 year old brother and he loved it! He loves football, and he can barely get through a page without having a bunch of facts he wants to share. So happy I got this for him!

It is a nice book for kids. It covers common topics of the NFL, and College Teams but not strategies and deep rules.....

My 7 year old son really enjoys this book. He dreams of being a football player so I started with this book to teach him a little about football before he plays.

I was having an issue finding a gift for a boy who loves football. This did the trick - he really enjoys it!

My 7 years old grandson loves football and he's finding the book interesting.

My grandson loves this book!
