Customer Reviews

If you are looking to get an instant ass using this book, well sorry to disappoint you, but this is not that book. Instead, this book helps you develop your ass in as fast as 6 days with the help of several exercises for your gluts. There are also dieting tips and recipes to boost your success. The program is easy to follow, but you may need a ton of determination to get things started and get things going. Nonetheless, this book is a hit for my wife.

I had a small butt to begin with but after trying this guide, it is looking better. I have gotten compliments from the husband and girlfriends. Give it a try for amazing results.

We will see the results...

Now that I'm starting to work out again and live a healthier life style, I'd though I'd give it a try and read new books targeting different areas of the body. I decided to get this Butt Workout book because I'd love to enhance my butt the natural way. This guide teaches me new exercise routines all included in a 6 week plan! I'm very excited! I recently started following these steps, but I can definitely see the results and feel the burn. I recommend it to everyone that needs a little push to get the butt they've always wanted. It works for me.

I read this book yesterday and I can say that it's very good. This book gives you a lot of healthy smoothie recipes, healthy tips, workout routines and much more. I recommend this book to everyone who wants to get a nice butt and lose weight

This has some good info, you will see results. I wouldn't call this an all inclusive gluteal workout, but, no equipment is required u can do them anywhere and its planly laid out. You will see results.
