Ben Parker is an established professional musician, songwriter & producer and has been teaching Ukulele, Guitar & Piano for over 10 years. He also tutors actors for film & television - his credits include The John Lennon biopic 'Nowhere Boy', Robert Pattinson drama 'Bel Ami' and hit television show 'Skins'. He also fronts his own band Chains and develops young artists for major record labels.

Having purchased a couple beginner's guides to accompany a new keyboard, this

was by far the easiest to follow and understand. Unlike the others I found a bit daunting for a complete beginner like myself. Nice, clear photos and diagrams, a good pace as I worked through the book, and very clear explanations about all the functions of my keyboard and how to incorporate the various rhythms and chords as I played. Highly recommended.

Pretty good beginner book. Most important is his advice to practice twice a day for 10 - 20 minutes rather than once a day for an hour at a time.

better than thought would be

learned a lot

really easy to follow

I HAVE NOT LOOKED AT IT YET. BUT I'M SURE MY DAUGHTER WILL LOVE IT, THANK YOU

I do not plan to play the keyboard, but do like to pick out a tune here and there. These went on easily, have stayed put, and their intended purpose has been utilized well.

The book appears to be useful although it starts on page 26 and goes backward to the middle - it is bound entirely out of order. The book is a good learning tool.
