## Customer Reviews

This calendar is by far one of the best purchases I've ever made. I work in an office in a hospital (not an office where patients go) and everyone in my department loves it. Everyone reads it every day. I will say that some of the comics aren't appropriate for all settings. If I worked somewhere the general public would see it, I wouldn't set it out every day, but it's perfect for my colleagues and me. I will buy 2018's calendar, if offered.

I've been buying funny desk calendars for 3 years now and this one is by far my favorite so far! The pages are made of glossy paper and the sayings are hilarious. My previous ones were made of paper and were tough to rip off. This one is great!

Not what I expected. I thought the whole calendar would be funny sayings but there are a lot of cartoons. Glad I bought it at a discount. Won't buy it next year.

It's not as funny as I'd hoped it would be. A nice feature is that on the back of each day, the paper is a lined note.

So funny, but a little dirty (which is great)! Just be aware it may not be work appropriate. I guess it really depends on your work environment.

Some days were really funny, most were okay - but too many were not funny at all unfortunately.

The cover caught my attention and was worth the purchase. There were one or two so far I felt was not fitting for the office. I am fast becoming a fan of these desk calendars. This one helps lighten the day. I posted the page that says "More Coffee... Less not coffee" by the coffee machine since we actually have a line at our coffee machine (it's a Keurig).

I used to only have the Far Side daily calendar on my desk. Since they were no longer published, out of sadness, I stopped using desk calendars. This calendar makes me laugh again.
