Customer Reviews

A life-long collector of dolls, Peggy Wiedman Casper has spent the past 20 years concentrating her work on Terri Lee dolls. She has traced the Lee family history and conducted extensive interviews with family members, which assisted her in her work on the books and articles she has written on Terri Lee dolls. Peggy has amassed a collection of Terri Lee dolls that she shares with collectors who attend conventions near her hometown of Omaha, Nebraska. She loves all phases of doll collecting from French Brus and Jumeaus, parian, china, and wax dolls, but Terri Lee dolls have dominated her interest.

Found it very interesting, I collect Antique Bisque Dolls, but came across a Terri Lee and now have

2, always love to study when I add another doll type to my Collection. Plus I'm from California.

A rather disappointing book. Not as much information of Terri Lee herself. Would have liked more outfits pictured, and more specific information on the Terri Lee doll through history. Not what I had hoped for.

Basically this book is THE BEST if you are at all interested in the Terri Lee dolls and finding out which one you have, does it have its original clothing and what might it be worth. This wonderful guide begins with the background and creation of the Terri Lee dolls-- beginning with the early compo dolls, the painted plastic dolls, vinyl, and hard plastic, then their recreation in 1999 and also current introductions. It has absolutely fabulous clear color photos and all dolls are pictured with their original costumes and the latest collector prices (for the year 2000). Original boxes are shown for some, enlarged pictures of the accessories, and so much more! You won't be disappointed -- it is truly a well researched reference guide and the author deserves 5 stars for this book.

This book on Terri Lee dolls has some great pictures but not much information. If you really need help identifying the doll and clothes, this is not the book to buy. The book dedicates space to 1/4 page pictures of the author's grand children, Shirley Temple and lots of identical information. The same copy is duped onto different pages.
