Haynes Superbike Hardback Yamaha XJ600S (Diversión, SECA II) (Haynes Service & Repair Manual)

Synopsis

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

awesome!

Concise, detailed, will make any repair or maintenance a DIY.

cool beans love this product it is is awesome. can't wait to buy another one just saying. crunchy nut cereal.

A must have if you own one of these bullet proof bikes.

There are two major publishers in the motorcycle maintenance handbook market, Haynes and Clymer. After doing some research on the net, I opted for the Haynes. I have since returned it and have ordered the Clymer. The basic problem that I had with the Haynes was that the print was very small. If I'm working on my bike, I want to be able to quickly glance at the manual for information as I'm working on the bike. I didn't think that this would be possible with the small print of the Haynes manual.
