The Real Book - Volume I (Songbook): Bb Edition

Synopsis

(Fake Book). The Real Books are the best-selling jazz books of all time. Since the 1970s, musicians have trusted these volumes to get them through every gig, night after night. The problem is that the books were illegally produced and distributed, without any regard to copyright law, or royalties paid to the composers who created these musical masterpieces. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You won't even notice the difference, other than all the notorious errors being fixed: the covers and typeface look the same, the song list is nearly identical, and the price for our edition is even cheaper than the original! Every conscientious musician will appreciate that these books are now produced accurately and ethically, benefitting the songwriters that we owe for some of the greatest tunes of all time! This Bb edition includes 400 songs: All Blues * Au Privave * Autumn Leaves * Black Orpheus * Bluesette * Body and Soul * Bright Size Life * Con Alma * Dolphin Dance * Don't Get Around Much Anymore * Easy Living * Epistrophy * Falling in Love with Love * Footprints * Four on Six * Giant Steps * Have You Met Miss Jones? * How High the Moon * I'll Remember April * Impressions * Lullaby of Birdland * Misty * My Funny Valentine * Oleo * Red Clay * Satin Doll * Sidewinder * Stella by Starlight * Take Five * There Is No Greater Love * Wave * and hundreds more!

Customer Reviews

If you're a jazz head, and don't have time to manually transfer tier Real Books to digital format, THIS IS THE ANSWER. AND, the price is right! All the tunes show up on my iPad Pro and look great.

Why wait? if you're looking at this right now, it means you're already thinking about it. DO IT!

Exactly what I needed for my jazz combo group. This is a great book for anyone who plays jazz, it's definitely a staple! It came in pretty great condition, there was a little tiny rip on the back (picture) but I'm sure that was from the shipping, also this book is entirely paper and heavy so a little rip isn't a big deal or unlikely to happen anyways. Overall I'm happy with the quality and price of this book. My local music stores sell the real books for about \$40 also the original price tag on this book is \$39.99 so I was super excited to find it way cheaper online! :) Also, I received this book before the estimated arrival date!

It definitely has lots of tunes but there are some tunes which are not there for example -The shadow of your smile, Days of wine and roses, Taking a chance on love, Charade etc. I don't think there is any book that can have all the tunes in it-This book is definitely a good book to buy and it has lots and lots of good jazz tunes

An old standard, now legal and better presented. There are still a few errors in melodies and chords but overall it's a great book. I tried the mini version but my eyes aren't what they used to be and some tunes were hard to read so I am back to this standard version.

Just what I needed for my jam sessions.....

Extremely easy to download and get started on my Samsung Tab S tablet. Too pricey however. If you are saving paper and handling this should be a \$20.00 item I think.

I've already made the cost of this book back three times now.

grandson uses it regularly for his tenor sax jazz work
