Eyewitness wins hands down The Mail on Sunday --This text refers to an out of print or unavailable edition of this title.

I like the guides best for overseas travel..lot of maps , good information, not too large for my bag. I've been buying them for years

I'm not visiting whole Malaysia. But being a guide for the country I was expecting more info on the place I will be soon visiting (Langkawi). Unfortunately, the info for that particular region is very

concise. Kuala Lumpur on the other side is well developed.

this book came in a good shape,,, its colours are vibrant and very clear printing quality... since this edition is the latest so it has most recent activities and hot spots in Malaysia and Singapore as well as their maps.i am very happy with this guide,,, it will give me a big deal of help during my upcoming visit... as usual DK Eyewitness series is amazing.

I like the DK series of guidebooks in general since they are often amongst the best when it comes to posting great colorful photos of the destination. However, if traveling in this region, you'll probably want to supplement this book with another book (or a lot of internet research) that will provide more of the essential details you'll need.

I always buy and use a guide like that in my travels. It helps me to know in advance the places I am going to. In addition to this, its easy and pleasurable to explore it.

Loved that both countries are combined into one book and thus I didn't need to carry around two! I always love Eyewitness Travel Guides!

good book for know about malaysia and singapore

DK Guides are the best!
