Saddleback believes that by engaging the reader with age-appropriate covers and content, even the most at-risk and struggling learner can achieve success.

Not very good for educational purposes. Had to return it.

A great book for an overview of the time period. The illustrations are wonderful and the information gives a good overview to introduce someone to the time period for both children and adults.

The book is for an elementary school and they are already using it and love it. Thank you for the book
