The Effective Local Government Manager

Synopsis

Perfect introductory text for students aspiring to local government management careers for the student contemplating a career as a manager in public service, *The Effective Local Government Manager* is almost obligatory reading. Many instructors have built introductory courses on local government management around *The Effective Local Government Manager: Essential Tools for Professional Local Government Managers*. For the young assistant in a city or county, or for the mid-career manager assessing new challenges, *The Effective Local Government Manager* offers insights on your role and how you can best serve your community. It explores the manager's many roles and responsibilities interacting with the community, the governing body, local government employees, and other governments. It offers the most up-to-date theory and practice of local government as well as tools of management.

I had to order this book for a college course. Shipping was fast and the book was exactly as described. I don't know how good the book is yet as I am just one week into the course.

Came as advertised. I needed this book for a class I took and it arrived on time before the class began. The book was in great condition, can't complain.

Excellent!

A lot of the information on management principles seemed sort of obvious/intuitive, but the specific information about the various branches of government and types of local governments will be useful to a newby. Those who already have experience in local government might find it too general, or maybe a good review for rethinking basics and recasting complex problems.

I returned the above-titled book more than two weeks ago (well within the 30 day return policy), and I have yet to receive my refund. I've emailed the company three times, but I have not received any responses from a representative.
