ISBN-13: 978-0028624174

Product Dimensions: 1 x 5.8 x 9 inches

Shipping Weight: 1.5 pounds

Average Customer Review: 4.2 out of 5 stars 16 customer reviews

Best Sellers Rank: #2,878,489 in Books (See Top 100 in Books) #88 in Books > Travel > United States > Hawaii > General

## Customer Reviews

A white multicolored book that looks just as the photo in the listing.

This book isn't what I expected at all. It's nothing more than a collection of hotels, tourist attractions and restaurants - I expected some of that, but not an entire book's worth. I had the exact same info from my FREE AAA guide books. In this one, there's no history or explanations of the islands at all. It's just a big book of phone numbers and addresses. The AAA books actually give you more info in a smaller size.

This book no matter how old will provide an amazing place to start your vacation. I read it first then go back and narrow down what I am really interested in. Then look up the final draft online to make sure I have the updated addresses or extra information I need post it noted on the pages in the book. Hawaii offers so much it can be overwhelming but this books gives you a place to jump in and weed out what you know you're not interested in as much as other stuff.

This book took us everywhere we wanted to go, from the falls to the Na Pali Coast to restaurants to beaches. We took it with us everywhere and learned a lot about Hawaii in the process. It gives you a great reference for anything you might be interested in! It covers all the Islands and gives you history and little known facts. We wouldn't have had such a wonderful time without it!

The book is a little out of date but somethings don't change. It had some good common sense information and I couldn't beat the price...

Great resource for all travelers. Found many out of the way places I would not have known about. Definitely recommend it to anyone traveling to Hawaii, their first time or their tenth time.

This book got us through Hawaii. We brought two books with us and definitely found this one the most useful and helpful. We were on the four biggest islands and each island was outlined and easy to use. I recommend this book!

The Idiot's Guide was a tremendous help for my trip to O'ahu and Kaua'i. I made all my hotel choices through it, and it was right on the money! I carried it with me, and I can't tell you how many people asked me about it. I would have liked some shopping tips, but other than that, it was perfect!

An outstanding overall guide to Hawaii--The best feature is a "quiz" which helps you decide which island(s) you will find most enjoyable. It has general advice on visiting Hawaii, how to get the best deals, etc., followed by a chapter on each of the major islands. It does not cover islands a new visitor is less likely to visit, such as Lanai and Molokai. The specific chapters on each island give useful coverage of major attractions or activities, and very detailed commentary on a limited number of hotels/resorts/B&Bs. I highly recommend the book, but once you have decided to visit, I recommend that you buy specific books covering the island(s) you want to visit. If you want to spend more than a few days on a given island, you will probably want more detailed coverage than given in this book. Despite this, the book is VERY valuable for a first-time visitor who wants to figure out the who, what, where, why and how of a Hawaiian vacation.
