The Daughters Break The Rules

Synopsis

Daughters Rule Number Six: Never talk to the press about your parents. After leaking a story about the family business, impetuous high school freshman Carina Jurgensen is cut off by her billionaire father. Always resourceful, she fibs her way into a job as a party planner for New York's annual Silver Snowflake Ball. But when Carina finds out that the party committee expects favors and freebies from her dad's A-list connections, a choice must be made: Does she get real about her downgraded status, or pretend she's still the ultimate heiress? Best friends and fellow daughters of celebrities Lizzie Summers, Carina Jurgensen and Hudson Jones are back in Joanna Philbin's second stylish and heartfelt Daughters novel.

Customer Reviews

"Ever wonder what it's really like to grow up in Manhattan with a famous mom or dad? Well, Joanna Philbin is going to tell you. The Daughters is authentic and well-told. Gossip Girl herself would love this new series." (Cecily von Ziegesar, author of the #1 bestselling Gossip Girl and It Girl) "I was drawn to the tantalizing story immediately, but my heart was stolen by the fierce friendship between three besties living life inside the celebrity fishbowl. I can't wait to read the next book!" (Jen Calonita, author of Secrets of My Hollywood Life) "Reading Joanna Philbin's funny, witty, and poignant debut is like getting an insider's glimpse into the gilded world of those born to be famous." (Alyson Noel, author of the #1 New York Times bestselling The Immortals series) "As if navigating their high school hallways weren't enough, these girls have to do so under the entire world's watchful eyes!"

(Seventeen.com) "Writing with a light tone that should appeal to a young female audience, the author chisels a little depth into the niche of chick lit. She makes readers care for her heroes and disdain her villains... Entertaining and not entirely fluffy." (Kirkus) --This text refers to an out of print or unavailable edition of this title.

Joanna Philbin was born in Los Angeles and raised in New York City. She holds a B.A. from Brown University and a J.D. and M.F.A. from the University of Notre Dame. She is the author of The Daughters series, and lives and writes in Los Angeles. Visit her at joannaphilbin.com.

This book continues right where "The Daughters" left off (see my review here). Carina, the daughter of a media mogul has leaked unfavorable information about her father to the press. To punish her he cuts off her credit cards, replaces her iPhone with an archaic cell and puts her on a \$20 a week allowance. Carina manages pretty well recycling her own clothes and brown bagging her lunch but in the process finds a job and a nice guy and learns a lot about her parents and herself. While Lizzie and Hudson take back seats to Carina's story we do get to meet Alex who every tween/teen girl will adore. There is definitely boyfriend potential in him. Carina proves that she is a very intelligent and resourceful girl and although she claims to not want to major in business we can only imagine one day she will be a successful businesswoman. Of course the book ends right where the third in the series will begin with Hudson's story and I for one will be looking forward to reading that.

Recommended for tweens and teens and those enjoying stories about friendship, growing up and (innocent) crushes. Not necessary to have read "The Daughters" first but you may want to read after this one!

I liked this book very much. Carina, Lizzie, and Hudson are all so very lifelike and relatable that they could just walk right off the pages of the book and into reality!!! The thing I liked most about the book is that the Carina learns to be a very reasonable and practical person and that helps her learn that she can't keep living her spoiled ways forever. I gave this book all 5 stars because the author used good wording, realistic characters, and situations that could happen to anyone that lives that same lifestyle as the daughters do in the series. I would recommend this book to anyone that is looking for a book that has a little of everything, in including: romance, comedy, friendship, and a hint of a serious feeling at times. Overall, I think that this is a very good book!

cute story, easy to read

My daughter read the entire series this summer. She is going into 6th grade and we have been having a hard time finding books that she enjoys (girly, fashion related). She read and loved the two books from the Allegra Biscotti Collection and was hoping for more in that series but no luck yet. We hunted for another girly series and found this one. She couldn't put the books down - went from finishing one to starting another all summer.

As a teacher of 5th graders, it is often hard to find book that the kids find interesting and on their level. I bought the first book in this series and ALL 12 girls in my class read it and enjoyed it. I purchased the remaining book from to keep them interested, and I must say it was a great investment. The girls truly enjoy this series of books!!! I loved the fact that had them on sale and they were very inexpensive. Great buy and a great book!

Very nice book. Quite entertaining, fun, cool, romantic, and realistic. A good book for Tweens or young Teens. Two thumbs-up!

This is a Christmas gift. She will love this series.

My tween daughter has enjoyed all of Joanna Philbin's books.
