Any student of reformed theology needs to have Palmer's "The Five Points of Calvinism" as a reference book. In an easy to understand manner, he takes you through the points one by one. Each point builds on the next and if you don't fully understand one, go back and reread the last point using all the scripture references given. There are questions at the end of each chapter. Two good companion books are Louis Berkhof's "A Summary of Christian Doctrine" and G. I. Williamson's study of the "Westminster Confession of Faith."

Outstanding teaching on the five points.

When I need a pick me up, I read this book. Very clear explanation of Calvinism. It isn't a comprehensive comparison of the different views, but it wasn't written for this purpose. It does light comparisons to mostly Arminism, but only to point out differences. It is a very concise but beautifully written explanation of what reformed theology is. In the end, Christians should be jumping with joy. We truly should be the happiest people on earth, especially reformed minded folks.

This is a great book. It is short, concise, easy to read and does an excellent job of explaining the five points of Calvinism (TULIP). It is not an exhaustive discussion, jut an overview.

This book uses very easy to understand illustrations. Excellent overview of the Five Points that also handles objections very well. It has been updated to include the NIV instead of the KJV. This book has been translated into Korean, Japanese, Spanish, and just recently into Arabic.

This is the best book on Calvinism I've seen. Very Thorough. I've had it for years, studied it several times. This was a replacement for one I gave to a friend.

Well written on the subject. Even though I disagree, I recommend this book to those wanting to know Calvinism.

This is a good overview of the 5 points of Calvinism, that will be valuable to both friend , foe and undecided, on the issue of Calvinism. The format of the book is written in an orderly and well organized manner, that makes it easy to comprehend. Edwin H. Palmer writes in an irenic style that is non-combative. Besides the 5 points, Edwin Palmer deals with the issue of reprobation as well. I found the chapter on total depravity to be the most interesting. I have found that many people have misconceptions about total depravity, and Palmer explains this important doctrine clearly, and what it is, and what it is not. Recommended.
