Customer Reviews

Jade Summer has become my new artists for coloring book. The size of her color spaces is the perfect size for me. Not too small or large - just right. While I find a few of her pictures are a little weird

(the bat) most are very enticing to color. There is two of just about every picture to cover mistakes and do color studies (ex. I did a red fox and then a orange fox) You can even go online to get more copies of a picture. Every picture is one side to a page with a black side on the back. The only downside is the pages don't tear out. Fortunately I learned how to break the spine of the book to get the pages out. Some of the pictures : Mermaid, 3 kinds of dragon, 1 elephant, deer, lion, seahorse, snake (the hardest so far to do) etc

Not typical Jade style. These drawings are small, detailed & intricate in a circle so designs are very compressed. Suggest gel & ultra fine tip pens. Mandalas will take the time & patience to complete.

I thought I'd try this 2nd book of hers to see if I liked it any better than the 1st one. I do like it, I just don't care for the way the black back of the paper changes the color of the sharpie. Great for my gel pens & color pencils. Plus the 2nd set of pictures & the ability to download them is great for the kids.

I absolutely love this book! The pages are printed on great paper. So often, hours go by as coloring takes me away from all of the problems. Please keep producing new books. By the way, I am a reptile person and would like to see more snake, lizard, frogs, turtle, etc. KEEP UP THE GREAT WORK!

This book is great. I would give it a 4.5 star if I could as it does not have the perforations to pull out the pictures when done. I'm still trying to figure out how to get them out. Does anyone know where I might find pictures that other have colored to get ideas on coloring? That would be really nice. I'm already looking at her other books to also buy.

I love mandalas and these are unique. It is nice to see something different. I also love the fact that you get a free PDF as I always color on copies.

Absolutely wonderful Mandala's to color. My grand daughter really was happy to receive this book.

Received this book quickly. It has a lot of nice patterns in it.
