Beyond Strange: True Tales Of Alien Encounters And Paranormal Mysteries

Synopsis

Strange things sometimes happen to ordinary people as they go about their everyday lives. Two men are stalked across a golf course by a seemingly sentient bank of fog. A veterinarian comes face-to-face with strange interdimensional creatures. A young couple walk into the past. A former police officer travels out of body to a vast mansion in another reality. Alien abductions, hauntings, psychokinetic powers, and more populate the pages of Beyond Strange. The stories we've picked out over the years are astonishing by any reckoning and address a fundamental issue: the existence of a more expansive reality beyond the one we ordinarily experience.

Customer Reviews

This book was extraordinary--I wasn't at all sure I would enjoy reading it, but I could scarcely stop once I started.

If you love letting your mind explore possibilities, you'll love what Rob and Trish have compiled in this book. They have a well honed knack for probing your beliefs and leave you wondering what lies beyond what science tells us is not possible. A gripping journey into the experiences of those brave enough to share them. They've dug deep, and the treasures that lie Beyond Strange they bring you in this book will leave you gaping in astonishment. These are seasoned authors who've had personal experience in some of the areas they describe. Once you've tasted their unique research and writing abilities you'll want more, believe me!

While not the absolute best book I have read it is defiantly in the top few. Would recommend to anyone who likes to read about high strangeness.

I found these stories to be very credible. Kept me on the edge of my seat. I would recommend this to anyone interested in the paranormal.

The UFO parts were good. The ghost and spirits pieces were fine. Synchronicity, telekinesis and matters of that sort were OK...
