Daniel: Spiritual Living In A Secular World (Lifeguide Bible Studies)

Synopsis

A permissive society, a power-hungry people, a nation without God. Daniel's situation in Babylon sounds quite a bit like our own. In the midst of such forces, how can we remain loyal to biblical values? How can we have a positive impact on those around us? Daniel gives us practical and personal help with these questions. This LifeGuide Bible Study features questions for starting group discussions and for meeting God in personal reflection. Leader's notes are included with information on study preparation, leading the study and small group components as well as helps for specific Bible passages covered in the study. Presented in a convenient workbook format and featuring the inductive Bible study approach, LifeGuides are thoroughly field-tested prior to publication; they're proven and popular guides for digging into Scripture on your own or with a small group.

When this \$9.00 "book" arrived, it was a shock to see its thinness. More like a pamphlet, it was

immediately off-putting to have paid so much for so little. True, size does not define content, but we apportion our hard-earned money for tools to aid our personal spiritual growth and want it to be a satisfying experience. It's difficult to know what you're getting when ordering online, so next time I will be smarter & check out the number of pages.

Good study. Most questions were good - a few "how would you feel" questions are kind of wacky. The first half of Daniel was easy to teach. The prophesy part was much harder, but the notes in the leader's guide helped to some degree. Probably would be better to have a seminary degree or more extensive Bible training to teach the second half. Took a longer time than usual to prepare these sections.

Just what my study team was looking for. Bob P

Good book and guide

a little confusing to follow

Great study

Gives one another way of looking into the times of Daniel. Does not necessarily try to answer questions, but gives one ideas on how to relate to the story line as it may have occurred during that time of history.

Great book everyone should do this study. You will learn a lot and build your relationship with God. God Bless you.
